

Blue River Campus
Spring 2024 Final Exam Schedule
Tuesday, May 7 – Monday, May 13, 2024

1. **District Regulation 6.1560 EXAMINATIONS** states: A final examination or a final means of assessment will be given in each course. Final examinations or a final means of assessment will be scheduled by the dean responsible for instructional services unless special arrangements are made with that dean. If a student fails to complete a scheduled final examination or assessment and provides a satisfactory explanation, the instructor may arrange for a make-up examination. If a student fails to complete a schedule final examination or assessment and provides no satisfactory explanation, the instructor may award a course grade of F or I.

2. **Last day of Instruction:**

- Day Classes: Monday, May 6, 2024
- Evening Classes: Monday, May 6, 2024

3. Examinations for classes with laboratories are scheduled by lecture hours. Two (2) hours are allowed for the final exam.

4. Students who have previously indicated physical or learning disabilities which require extended testing time must be allowed that same extension for finals. Specific questions on appropriate length of testing time may be addressed to the office of Disability Support Services.

5. Students who have a conflict in examination times or have three (3) or more exams scheduled on the same day may arrange to reschedule one of the exams with the permission of the instructor.

6. **HOW TO READ THE FINAL EXAM SCHEDULE**

- The first column lists the day the class's lecture meets.
- The second column lists the time the class's lecture starts
- The third column lists the day and time that your final examination will take place.

***Please read this carefully.** Class start times in the finals schedule tables below are for **lecture** start times. If you have a class that has both a lecture and a lab look for the day(s) and time when your lecture starts. If your class does NOT meet for your lecture and only meets for your lab, or if your class is lab only (no lecture), then look for the day(s) and time when your lab starts.
