Featuring:

Minus2

Eddie Moore

Jim Lower

To honor Kansas City's rich jazz history, the MCC-Penn Valley campus invites you to join us for the second annual Jazz in the Valley celebration. The headliners for this year's event will be Minus2, a jazz, funk and gospel act featuring Maryland-based brothers Eric and Daryl Minus. Also in the lineup are local acts the Jim Lower Big Band and Eddie Moore with a pop-up performance from the Kansas City Jazz Academy at 5 p.m.

The free jazz festival will be held outdoors near the campus Education Center. If the weather is inclement, the event will move inside the Campus Center. Attendees are welcome to bring lawn chairs, blankets, water bottles or coolers (no alcohol is allowed on campus). Pets, firearms, tobacco and drugs are also prohibited.

This annual event will support the creation of a music engineering program at MCC-Penn Valley.
