

METROPOLITAN COMMUNITY COLLEGE

DISTRICT REGULATION

2.15040 DR

RESEARCH

2.15040 DR

The colleges, as teaching institutions, will make no special provisions for research activities. However, the presidents will develop procedures which will allow for the use of facilities and equipment by staff members engaged in research, as long as such use does not interfere with the instructional programs and the research is related to the staff member's campus assignment.
