

METROPOLITAN COMMUNITY COLLEGE

BOARD POLICY

4.10150 BP

STUDENT BODY FISCAL AFFAIRS

4.10150 BP

The chancellor shall be responsible for assuring that accepted accounting and business practices are used in student body fiscal affairs. But consistent with these controls every latitude should be allowed the responsible student government officers in determining policy and operating the student body fiscal activities.

This policy is intended to include proper controls of all club activity and other accounts.

The chancellor shall arrange for annual audits of all student body and special accounts in the same manner as district policy provides for an annual audit of district accounts. The cost of such audits will be a district expense.

Adopted: Board of Trustees
