Mid-Continent Library Has many databases available to card holders including the Historic KC Star database under “News.”
PRIMARY SOURCES
Primary sources, sometimes referred to as primary documents, are very important in history research. Written during or immediately after an event, they can take the form of diaries, journals, letters, eyewitness accounts, interviews, oral histories, and speeches. Official documents such as laws, court decisions, treaties, party platforms, and constitutions are also primary sources. For more information, see our handouts on primary sources.
