

## Dental Assisting Program Observation sessions

- Program applicants must complete a mandatory In-class or In-lab observation.
- Observation opportunities are available from 8:00am -4:30pm on weekdays only.
- Observations must be within the past six months of the application deadline March 15th.
- The Dental Assisting program does not hold completed observation session forms that are older than 6 months.

### Expectations:

- We expect you to attend an hour long of either a lecture (In-class) or a lab course (In-lab).
- Complete and Submit the Observation form (Will be provided to you when you attend the session by the course instructor)

*If you have questions about observation session and to confirm observation date and time, email [Hema.Udupa@mccckc.edu](mailto:Hema.Udupa@mccckc.edu)*
