

The following graduation and transfer rates for Metropolitan Community College are based on the Student Right to Know cohort, which is defined as first-time, full-time, certificate- or degree-seeking freshman as reported to the Integrated Postsecondary Education Data System (IPEDS), and a subset of those cohort students who received athletically-related student aid. These rates reflect the percentage of students in each group who either completed a program of study at MCC or transferred to another institution of higher education within 150% of normal time for completion of the program of study.

The figures were compiled in compliance with the Student Right-to-Know Act, Public Law 101-542.

Graduation and Transfer Rates and 4-Year Average Rates for Fall 2021 Student Right to Know Cohorts				
Cohorts	Fall 2021 Cohort Graduation Rate (Completion of a Degree or Certificate within 150% of Normal Time)	4-Year Average Graduation Rate	Fall 2021 Cohort Transfer Rate (Transfer to Another Institution Prior to Completion of an MCC Degree or Certificate)	4-Year Average Transfer Rate
Student Right to Know Cohort (First-Time, Full-Time, Degree-Seeking Students)	34%	30%	15%	15%
Students Who Received Athletically-Related Student Aid (Of Those Students out of the Student Right to Know Cohort)	41%	42%	24%	24%

Notes: 150% of normal time is defined by the length of the program. For example, the normal completion time for an Associate of Arts degree is two academic years, so 150% of normal time is three academic years.

Cohort students are determined as of State Aid Date, not End of Term.

Additional Notes:

While it is recommended to provide graduation and transfer data broken out by sport in addition to gender and race/ethnicity, it is required that disaggregated rates are to be disclosed only if the number of students in each group is sufficient to yield statistically reliable information and would not potentially reveal personally identifiable information about an individual student.
